CHINESE JOURNAL OF FOOD HYGIENE

Volume 16 CHIEF CONTENTS 2004

Studies on the techniques for the monitoring and controlling foodborne illness	Liu Xiumei 1(3)
Development of a rapid, sensitive and specific polymerase chain reaction (PCR)	
method for detection of <i>Listeria monocytogenes</i> (LM) in foods	Wang Huanyu, et al. 1(10)
Development of hybridoma cell lines excreting monoclonal antibodies against Ochratoxin A	Jiang Tao, et al. 1(14)
Study on HACCP in the process of producing beef jerky	Wu Guohui, et al. 1(18)
Evaluation on the z score method and	
its application in the quantity control of melatonin analysis	Han Hongwei, et al. 1(22)
Study on the application of HACCP system in the production	
of milk containing viable lactobacillus	He Wenqian, et al. 1(26)
Analysis of DDMP saponin g and g in	
soybean hypocotyls by high-performance liquid chromatography	Quan Jishu, et al. 1(30)
Determination of clenbuterol residues in pork by the single sweep polarography	Tang Xiaoqin, et al. 1(32)
Contamination and drug resistance of <i>Staphylococcus aureus</i> in foods	Zhang Lanrong, et al. 1(35)
Discuss on some issue of HACCP system established in food plants in China	Fan Yongxiang 1(37)
HACCP applied to guarantee the food safety of the soy milk for students	Hong Bingshan, et al. 1(40)
Discussion on law duties and responsibilities of a	

law relative person under the decision of food hygiene administrative control	Qu Wenxuan , et al. 1 (42)
Analysis of data from quantitative surveillance	
to food safety in hotels and restaurants in Yiwu	Chen Jianying , et al. 1 (44)
Analysis on an administrative lawsuit	
resulted from handling food without hygiene permits	Xu Yinghui , et al. 1 (47)
Study of two food poisonings caused by clenbuterol in fish	Yuan Baojun , et al. 1 (51)
Survey on the sanitation of chopsticks	
used by students in colleges and universities in Jinan city	Chen Liliang , et al. 1 (53)
Analysis of the outbreaks of food-borne illness in	
the area along the Wulumuqi railway line from 1974 to 1996	Chao Rui , et al. 1 (54)
Epidemiology of <i>Campylobacter</i> and campylobacteriosis	Wu Shuyu , et al. 1 (58)
Methods for determination of vitamins in	
import health foods—the current situation and prospect	Yang Dajin ,et al. 1 (62)
Progress in analytical methods of vitamin A , folate and vitamin E in foods	Wen Xiaoqing , et al. 1 (65)
Studies on the monitoring of food contamination and evaluation of health effect	Wang Zhutian 2 (99)
The relationship between CYP 2E1 activity and oxidative	
damage after acute ethanol exposure in human primary hepatocytes	Liu Liegang ,et al. 2 (104)
A 60-day feeding study of <i>Rhizoma Alismatis Orientalis</i> in SD rats	Duan Xueying , et al. 2 (108)
Pollution of microcystin in fresh water Lakes	Sui Haixia , et al. 2 (112)
Discussion paper on the application of	
codex standards to Chinese food hygienic standards	Zhao Danyu 2 (115)
Analysis of sildenafil and cialis in health foods by	
high performance liquid chromatography/mass spectrometry	Chen Bo , et al. 2 (121)
Effects of a peroral liquid with metallothionein as its major component on	
blood and tissue lead , zinc and copper concentrations in lead-exposed mice	Liu Xiuying , et al. 2 (125)
Effect of <i>L-carnitine</i> on fat content of	
body and expressive product of ob gene in obese rats	Chen Shiwei , et al. 2 (129)
Studies of <i>G. lucidum</i> spores powder on the immunoregulation and antiradiation	Tong Guohui , et al. 2 (132)
Comparison between two methods for determination of antioxidizing capacity of nuts	Guo Changjiang , et al. 2 (135)
A discussion on claiming for quality certificate to foodstuffs	Liu Zhifang 2 (140)
Talk on the revision of the Healthy Food Regulation from two punished cases	Xu Laichao 2 (142)
Investigation of a food poisoning case caused by clenbuterol	Qin Xiaofeng , et al. 2 (144)
Discussion on the investigation and prosecution of a batch of “false white sugar ”	Zhou Shuren 2 (146)
Survey on an incidence of collective acute	
gastroenteritis caused by Norwalk virus in Guangzhou	Ma lin , et al. 2 (148)
Food poisoning caused by poisonous mushroom - a case report	Dai Changfang , et al. 2 (150)
Survey on microbe contamination of cake decorated with cream flowers	Ni Shumei , et al. 2 (152)
Survey on the hygienic state of the foods processed on the spot in supermarkets	Lu Bin , et al. 2 (153)
A review on the epidemiology of Norwalk viruses	Xie Jianping 2 (157)
Development of determination and evaluation system for fungi used in food processing industry	Ji Rong 3 (195)
The modeling of quantitative risk assessment on <i>salmonella</i> in shell eggs in China	
Part : Hazard identification and exposure assessment	Zhao Zhijing , et al. 3 (201)
Quantitative analysis of <i>Vibrio parahaemolyticus</i> in retail shell oysters in the warmer months	Chen Yan , et al. 3 (207)
A worldwide review of regulations and standards on food additive (to be continued)	Li Xiaoyu , et al. 3 (210)
The alleviative effect of soybean isoflavone compound on physical fatigue in mice	Shen Xiaoyi , et al. 3 (215)
Physiological activities of enzymolytic extracts of abalone	Peng Wenduo , et al. 3 (218)
Study on alcohol damage to immune system in mice	Han Chunhui , et al. 3 (221)
The effect of flavone on skin health	Mu Yuanpu 3 (224)
Study on the use of HACCP system in the fast-food supply in CECF	Ma Lin ,et al. 3 (227)
Study on the determination of cyanide in wine	Zhang Wende , et al. 3 (232)
Discussion on the deficiency of	

legislative hearing of the administrative punishment in food safety inspection	Zhang Donghong , et al.	3(236)
The change of dietary pattern of urban of elderly female in Beijing in recent years	Liu Xiangye , et al.	3(238)
Sanitary conditions of school canteens in Xintai after enforcement of graded management	Zhao Jianliang , et al.	3(240)
Effect of graded management of food hygiene in		
hygienic situation of dining rooms in schools and kindergartens in Zhuhai	Yang Weiguo , et al.	3(242)
A study on supervision and management of food safety in school	Wang Hongmei , et al.	3(246)
A report on <i>salmonella</i> isolated from raw spring onion	Zheng Huaying , et al.	3(248)
A survey on quality standards of food additive manufactures in Guangdong	Mao Xinwu	3(250)
The advances in the detection method of GMO foods	Zhou Pingping , et al.	3(254)
The <i>Escherichia coli</i> O157 H7 genome and virulent agents in pO157	Zhu Shuping , et al.	3(258)
Safety of probiotics	Yang Baolan , et al.	3(262)
Use of ATP fluorescence bioassay in surveillance of food safety	Wang Zhuo	3(266)
Determination of dichloropropanols and monochloropropanediols in soy sauce by capillary gas chromatography/ion trap msaa spectrometry using stable isotope dilution technique	Fu Wusheng , Wu Yongning , Zhao Yunfeng , et al.	4(289)
The modeling of quantitative risk assessment on <i>salmonella</i> in shell eggs in China		
Part : Description of characteristics of hazard and risk	Zhao Zhijing , Liu Xiumei	4(295)
Comparative study on regulations and standards for health food control (to be continued)	Zhao Danyu , Zhang Zhiqiang	4(301)
The review of regulations and standards on food additive worldwide	Li Xiaoyu , Wang Maoqi	4(308)
Application HACCP in a pure orange juice-producing line	Mu Yuanpu , Zhang Feng , Zhang Jianbo	4(313)
Faster detection of <i>Vibrio parahaemolyticus</i> in foods by PCR technique	Zhong Kai , Tian Jing , Li Yepeng , et al.	4(317)
Study on the germination of spores of <i>Aspergillus flavus parasiticus</i> NRRL 2999 in the presence of <i>Lactobacillus plantarum</i> ATCC 8014	Yang Baolan , Li Zhigang , Li Yuwei , et al.	4(321)
Determination of vitamin B ₁₂ in health foods by SPE - HPLC	Lu Jie , Yang Dajin , Wang Zhutian	4(324)
A comparative study on the efficacy of Zn yeast and Zn gluconate in supporting children growth		
.....	Liu Jun , Li Xiaowen , Zhang Xizhou , et al.	4(329)
The anti-fatigue activity of <i>Polyhachis vicina Roger</i> extract in mice	Liu Dewen , Sun Qishi , Li Tong	4(334)
Quantitative analysis of resveraerol by HPLC	Zhao Haiyan , Zhao Rong , Wang Zheng , et al.	4(337)
Determination of cyanides in foods and water by single-sweep polarography	Du Hongfeng , Xiang Shixue , Yin Degui , et al.	4(339)
Discussion on the microwave digestion method for determination of metals in food		
.....	Liu Suhua , Liu Lanzheng , Zhai Mingxia , et al.	4(342)
Food hygiene work of China after accession to WTO	Zheng Yunyan	4(345)
The evolution of international standard of food labeling and its significance in world food trade		
.....	Yin Wenyuan , Zhang Xin , Zhao Danyu	4(348)
Application of familial clustering of HBV DNA positive to evaluate the infectivity of		
employees with HBV infection in public food services	Xu Lan , Gong Yuhua , Zhong Zhihong , et al.	4(352)
Study on administration prescription regulation of food hygiene	Qu Wenxuan , Li Ping	4(356)
A survey in knowledge of food safety in Shanghai citizens	Xue Kun , Guo Hongwei , Da Qingdong , et al.	4(362)
A new food safety objective for controlling <i>Enterobacter sakazakii</i>	Liu Xiumei	5(385)
The brief introduction of study on HACCP guidelines for food industry	Fan Yongxiang	5(389)
The identification analysis of contamination source of organochlorine pesticides in		
2000 total diet study of Hubei Province	Zhao Yunfeng , Yuan Zonghui , Wu Yongning	5(397)
The evaluation of nitrate and nitrite contamination in vegetables in Beijing	Feng Jinfang , Li Jingguang , Wu Yongning , et al.	5(400)
Comparative study on regulations and standards for health food control	Zhao Danyu , Zhang Zhiqiang	5(404)
A 90-day subchronic toxicity study on Semen Cassiae ethanol extract	Gao Peng , Sui Haixia , Liu Haibo , et al.	5(410)
Effect of Chinese traditional medicine on the milk secretion	Bian Lihua , Li Ao , He Mei , et al.	5(416)
The current situation of HACCP management in suppliers of nutritional lunch for students in Beijing		
.....	Qin Zhuo , Ma Zhaohui , Qu Liang , et al.	5(420)
The effect of lysine fortified wheat flour on nutritional and immunological status of rural	Zhang Gengrong , Zhao Wenhua	5(424)
Research on the radioprotective effect of <i>Ganoderma lucidum</i>	Yan Yan , Xu Jianhua , Yang Fei	5(429)
Study of a functional liquor for improving iron deficiency anaemia	Jiang Zhongren , Ou Shiping , Liu Keliang , et al.	5(431)

Experimental study of <i>Cultured cordyceps militaris</i> (Fr.) Link mycelium 's effect on blood lipids	Zhao Peng , Yang Junfeng , Li Bin ,et al. 5(434)
Determination of vanadium in health foods by GFAAS	Li Jian 5(437)
Epidemiological significance of <i>Aeromonase hydrophila</i> to human diarrhea	Yang Shouming , He Tiansheng 5(439)
A discussion of supervision of adding chlorine dioxide in foods	He Zhongchen ,Kuang Xingzhong , Tang Xiao ,et al. 5(441)
The graded hygienic supervision of foodstuff and its benefit evaluated in plants of sausage production	Li Xucui , Deng Ming , Lin Zhixiong ,et al. 5(443)
An analysis of hygienic data from supervision of pastries in Xiacheng district , Hangzhou	Qiu Weikang 5(446)
On legal assistance to litigants in cases of food poisoning	Zheng Gongliang , Jiang Changshu , Chen Shuzhen 5(449)
Report of a cluster of 28 cases of acute of gastroenteritis caused by accident ingestion of tung oil	Zhao Dajiang 5(453)
Progress of chromosomally mediated multiple antibiotic resistance in <i>Salmonella typhimurium</i>	Guo Yunchang , Liu Xiumei 5(456)
Studies on the techniques for safety assessment and standards of raw materials for health foods	Xu Haibin , Yan Weixing 6(481)
Rapid evaluation of safety of ingredients from health food	Sui Haixia , Gao Peng , Zhang Lishi , et al. 6(485)
The effect of rice genetically modified with cowpea trypsin inhibitor gene on the growth and development of minipigs	Han Junhua , Yang Yuexin , Chen Shurong , et al. 6(489)
Analysis of causes of high frequency of food poisoning in Jiangsu Province , 2003.	Yan Junde , Wang Chunming , Gao Zhisheng , et al. 6(494)
A study on quantitative detection of tetrodotoxin with Kunming strain male mice	Zhang Li , Xie Keqin , Zhao Jinshan , et al. 6(497)
Evaluation of rabbit plasma fibrinogen agar for detection of <i>Staphylococcus aureus</i> in foods	Zhao Guiming , Liu Pei , Bian Lingchun , et al. 6(501)
Improvement of colorimetric determination of sulfites in foods	Zhang Wende , Guo Zhong , Sun Shiping 6(504)
Study of accuracy of aerobic colony counting in laboratory methodology	Cheng Suyun , Mei Lingling , Ren Jinyu 6(508)
Evaluation of uncertainty in measurement on the content of nitrite in foods	Xie Lianhe , Wang Qi , Liu Minhong , et al. 6(511)
Situation of <i>Salmonellae</i> contamination in eggs and poultry on Beijing market in year 2002	Dong Zhong , Chen Qian , Luo Haipeng 6(514)
Pathogens detected in foods from markets in Haidian district , Beijing	Han Xirong , Liu Wei , Guan Jingyu , et al. 6(516)
Qualification of target enterprises by food administrative organs	Zhu Jianru , Wei Zeyi 6(518)
The role of administrative organs in dealing with outburst of public health events	Gao Zhisheng 6(521)
Discussion on system of food recall and its related issues	Chen Liang , Li Pansheng , Chen Qinghong , et al. 6(523)
Study on problems related to health supervision and regulation of food additives	Wu Xiaolong , Zhang Chunqi 6(526)
A strain of <i>Enterobacter sakazakii</i> detected from imported concentrated nutritious powder	Wang Zhiqiang , Xu Longyan , Li Zhiyong , et al. 6(528)
The organophosphorus pesticide residue of green vegetable in Macao :2000 ~ 2003	Fang Ut-Wa , Tang Chi-Ho , Fong Kir-Leong 6(531)
A sanitary survey of foods on countryside bazaar	Yu Jingui , Geng Hongmei 6(536)
Progress in pretreatment for determination of polychlorinated biphenyls from food matrices	Li Jingguang , Wu Yongning 6(540)
Methods for ochratoxin A analysis	Li Fengqin 6(545)
Biological characteristics and health hazards of <i>Enterobacter sakazakii</i> :a review	Pei Xiaoyan ,Liu Xiumei 6(550)
CHINESE JOURNAL OF FOOD HYGIENE Volume 16 CHIEF CONTENTS 2004	6()

不淘洗米:不经淘洗便可直接炊煮食用的大米,包括精致米和精洁米。

Gaod Rice:上光米,又称涂层米。白米在精磨过程中添加助碾剂精磨,一般用的助碾剂是葡萄糖、有机酸钙盐。在白米上光筒内,葡萄糖和有机酸钙盐在粒面形成凝胶膜。
